

IT Technician Intern

Intelligent Product Solutions (<http://intelligentproduct.solutions>) is a leading product development professional services company. The leadership and senior engineering team are deeply talented with unparalleled experience in industry and consulting services. Our client base includes some very well-known Fortune 100 brands as well as budding startups. Because of our explosive growth, we are seeking talented individuals to join our team

Our company is seeking highly motivated, detail-oriented **IT Technician Interns** who enjoy working on diverse and challenging projects. We're led by our values of honest, collaborative, problem-solving and we take both our work, and our fun, seriously.

We're looking for the next bright minds to assist us with some exciting new projects and operations that we have in the pipeline. The right candidates will be self-directed with a passion for technology, collaboration, and problem-solving. They will actively contribute to meaningful projects and work closely with team members.

Requirements

- Computer Science, Information Technology, or Management Information Systems Major
- Familiar with shell scripting such as PowerShell or Python and Microsoft Office Suite
- Strong verbal and written communication skills
- Excellent analytical and problem-solving skills
- Ability to work well in teams
- Strong work ethic and attention to detail

Learning Outcomes

At the end of this internship, candidates will have benefitted from a range of outcomes including:

- Hands-on experience in an IT position.
- Familiarization with industry standard concepts and tools
- Shadowing and training experiences with knowledgeable professionals.
